

Approved
Networks

Operators

The
System

```
graph TD; A[Approved Networks] --- B[The System]; C[Operators] --- B;
```

The diagram consists of three rectangular boxes with black borders. The box on the left is labeled 'Approved Networks', the box on the right is labeled 'Operators', and the box at the bottom center is labeled 'The System'. Two blue lightning bolts connect the top-right corner of the 'Approved Networks' box to the top-left corner of the 'The System' box. The other lightning bolt connects the top-left corner of the 'Operators' box to the top-right corner of the 'The System' box.
